1) Please make all cheques payable to Pawpounders.com

2) We also accept bank transfers and standing orders - ask for details

3) Payments to be made in advance for the planned visits that week or month. This is required as we are often fully booked.

4) When compared with dog walking rates of £10 per hour, we are offering exceptional value for money. For an average 9 hour day it is **4.5 times** better value for money and a dog walking service does not really allow dogs to socialize properly which is **extremely important**.

Please note £5.00 for every 15minutes will be charged for late pick ups after our stated closing time.
